# **Gemini Offering Pre-Lit Illuminated Letters Fully Populated With LEDs**

### **FOR IMMEDIATE RELEASE**

**Cannon Falls, MN** — Gemini Incorporated, a leading manufacturer of dimensional letters, logos and plaques for the sign industry, is now providing illuminated products that are fully populated with LEDs, thus saving time and eliminating potential headaches for sign companies and installers.

In addition, to providing the only channel letters in the industry guaranteed not to corrode, chip, crack or dent, Gemini is giving sign professionals the option of ordering cans and faces alone or buying them fully populated, balanced and tested with GE Tetra LEDs & corresponding transformers. Gemini lit letter products are UL recognized components, meeting all UL specifications for electric signs.

Illuminated letters give sign professionals more design flexibility and the option of LED illumination. Gemini currently offers three main lighted letter and logo products: Injection Molded Channel Letters, GemLite Formed Channel Letters & Logos, and Fabricated Stainless Steel Letters & Logos. As always, all Gemini manufactured products are backed with our unconditional lifetime guarantee.

For more information about Gemini letters, logos and plaques, visit [www.signletters.com](http://www.signletters.com) or call Gemini toll-free at 1-800-538-8377.
